'Beautiful, brave and inspiring'
Lisa Williamson

I am a girl. I own my destiny.

Lily is sixteen, and trapped.

Viciously bullied at school, she doesn't want to lay her unhappiness at her parents' door – they have problems of their own. When the kids at school go too far, Lily needs to face reality and decide whether she's going to fight back.

But is stepping up simply about getting revenge, or about taking charge of her life once and for all? Only Lily can decide...
